

There's no place like home.

Studies show that after hospitalization people prefer to recuperate at home, where they can recover faster, in familiar surroundings.

For more than 100 years,

Eddy Visiting Nurse & Rehab Association

has been helping people do just that.

COORDINATED CARE

Eddy Visiting Nurse & Rehab Association's specially trained staff will coordinate your home care services and maintain regular communication with your physician regarding your condition. This helps prevent hospitalization for problems that can be handled successfully at home.

PAYMENT

Most home health services are covered by Medicare, Medicaid and private insurance plans. We would be happy to investigate your insurance benefits to determine what is covered and bill the insurer directly on your behalf. A sliding fee scale is available for those who need assistance.
