

## **St. Peter's Health Partners Schools of Nursing**

### **Prerequisite recruitments**

Complete high school or college level algebra, biology with lab, and chemistry with lab. Courses must be completed with the following grade requirements:

- a. Grade of 75% or above for high school level courses
- b. Grade of c+ (75%) or above for non-credit bearing/remedial college courses, or a grade of P in a Pass/Fail course.
- c. Grade of C- (70%) or above for credit bearing college courses
- d. The high school algebra requirement may be waived for applicants who have completed college level Statistics with a grade of C- (70%) or better.
- e. The high school biology and chemistry requirement may be waived for applicants who have all required sciences (A&P1, A&P 2 and Microbiology) with a grade of C or better.
